Bill No 60

Resolution
Condemning the action of the Interior Department relating to the office of National Treasurer.

Whereas The Principal chief has transmitted for our Consideration Certain Correspondence between the Interior Department and Honorable George W. Scott, National Treasurer, where in the Department of the Interior, through the Honorable D. H. Kelsey, United States Indian Agent, demanded an itemized Statement of the receipt and disbursement of the National Treasurer's Office.; and

Whereas Under the terms of the Atoka Agreement the Choctaw and Chickasaw people were given eight years to wind up tribal affairs: And

Whereas This Agreement is still in full force, only When rendered nugatory by the Ill warranted action of the Department of the Interior and

Whereas The Present Council finds that the failure of the Interior Department to do its plain duty under the treaty provisions has entailed many hardships and inflicted Great Wrongs on a helpless people: and

And

Whereas The Department's failure to carry out the Sacred promises made the Indians has forced the tribes to adopt measures to protect tribal interest: and

Whereas The Demand of the Department of the Interior on George W. Scott, National Treasurer, is Clearly a Surpation of Authority And in Violation of the treaty rights Guranteed the Choctaws and Chickasaws; and

Whereas It Clearly appears that the Secretary of the Interior is attempting to force Advantage of his own Wrong by the high handed methods employed in this instance.
