Dear sir:-

Great many Choctaws went to the Chickasaw Nation and get their allotment, and a great many heirs of the estate coming to those who died since the adoption of treaty are trying to sell such lands or estate to the Land Buyers which has organized in Chickasaw, and many applications filed in court for administrator of such estate and at the same time they filed petitions for an order to sell the lands or the estates to those people, and it is in my power to grant or not grant such petitions enclosed I believe it is safe and would be best for the heirs, but before passing on

such petitions I shall ask you to me your opinion on the cases by return mail, as I don't want to do any thing won't be legal or approved and I will be obliged to you if you give me your best opinion on such cases

And another thing I want to ask you is this, according to our treaty Allotments may be selected and homesteads designated for minors by the father or mother but many Lawyers have filed petitions in the court for the guardianship or have the people to file petitions asking the court to appoint them a guardian over their orphan children, so they can file on their allotments saying, that that must be done for that's the ruling of Department, but we have no law

Judge Henry J.Sexton,

Summerfield,I.T.

Dear sir:

I am just in receipt of your letter of the 4th inst,and in reply desire to say that the power of appointing guardians and administrators is wholly with you. At the same time it is your duty to exercise every means in your power to protect the interest of the estate over which guardian or administrator is appointed. You can exercise your judgment and discretion in appointing an applicant and need not appoint a person just because he may make application for such appointment,but may appoint anyone whom,in your judgment is best fitted for the trust. You have the right to make the order of sale of the estate of deceased persons,but it would be well to have the administrator under good and sufficient bond befo making such an order and then you should be fully advised as consideration and payment of the same,and description of the prope I think it would be well to be very slow about granting these orders of sale,especially where the sale is to be made to these land buyers in the Chickasaw Nation

You are advised that those applications for guardianship over the estate of children,by their father of mother,are instigated by persons whom desire to secure leases on the lands of the children,and I do not think you have any authority or power to grant any such petitions.

Yours truly,

Kintah, I.T., September 9, 1903.

Honorable J. Blair Shoenfelt,

United States Indian Agent,

Muskogee, Indian Territory.

Sir:--

I have the honor to herewith enclose notices sent out by your office, which have been served on the parties mentioned therein by the Sheriff of Sugarloaf County, Choctaw Nation, as shown by his return written thereon. You will also note that on August 31, 1903, he makes report that these persons had made no disposition of their cattle, as therein directed.

I therefore have to request that Melvin Seahorne of Howe, I.T. and Joe Stacy of Heavener, I.T., together with their cattle and personal effects be removed beyond the limits of the Choctaw Nation as their continued presence is detrimental to the welfare of the Choctaw people.

Dear sir–

I aught to have sent in my report before this time, but have delayed until to day on account of sickness.

The sheriffs and his deputies' report on collection of permits was spendid as they made their report last court day.

Collecting permits in 1903 was very hard matter and we believe this year it will be harder, but the sheriffs are doing all they can. and their reports were very good which will be shown in my next report.

Dear sir:-

I just now enclose my quarterly report beginning July 1-1904 and ending September 31-1904.

I ought have sent it before this time but knowing that you are at council I delayed in sending it until to day.

I understan that council post a bill giving new born children lands, I dant President will approve such bill.

I am interested in that part as I have a child that born since the ratification of the agreement.

If the council do include the enter-Marriage, that married since the ratification of the agreement it would struck me just right as my wife is an enter-marriage citizen but she married to late.

I will remain, with the be success

Iam yours truly,
