

Some sold & some Ind killed across the river & as WB couldn't catch up he stopped -

The braves crossed the stream & WB also crossed.

Stream:

not deep enough to swim,
pretty wide but not deep.

after sold on hill a bunch of Ind. stopped on side of hill & WB. stopped there. SB not in this bunch.

Didn't see SB. cross stream.

where we were standing on side of hill we saw another troop moving from E. toward where camp was moving & we chgd., it was Custer - we went down E side of river & we rode straight to Custer. - was

3 miles from where we left Reno to Custer -

Chased Custer indefinite dist,

Couldn't see Custer as he was in camp. But was about mi. from Custer to hill - still riding in a walking trotting - still close together - Custer didn't stop before they reached - they kept shooting as C kept moving

Many little bunches of Ind & W.B. doesn't know total no. of Ind.

PZ stayed in camp now -
SB must have gone back -

With WB going to Custer

1. Iron lightning
2. Owns the Horn
3. ~~see~~ shooting Bear as he run
4. 5. 2 cheyennes

WB crossed river going to Custer: at ~~south side of bank~~ stayed across

Some Ind. went up draw to Custer - WB with them - a lot of them. When up in draw - Custer saw them & took shots at them so they moved
