

pte oti wan caglepi ake zaptan
 his barn was fifteen steps long
 ca gle yelo. he iyebanyan peji
 the full length was a
 paha numb egle pelo. waya hota
 stack of hay he had five
 okisupi zaptan egle pelo. Pte
 wagon loads of hay. he also
 owate cunkaske kin he tanka
 had a feeding corral a large one
 yuha yelo. can pa gomiyanki tipi,
 he had sheds for his machines,
 na peji inakseye, iyunhinte ko
 for wagons moving machines, rake
 ognu han ca yuha yelo. lenake
 were all under this shed

makusan Mr Pamplin woju awan
 (White Earth) ^{Wm Pamplin} was boss farmer
 yunka ^{now at Custer soldiers home} heca ca nepe unkiyapi
 he taught us how to use the machines
 ca ecel ti un-kaga pi na un
 taught us to build log houses
 yuhapelo. Mis eya ptewanryanki
 I also had cattle
 wikcenna yanni wica bluka
 to the amount of thirty head
 yelo. can tipi bluka nakun blo
