Lincoln, Nebraska,
May 8, 1929.

W. S. Campbell,
Norman, Oklahoma,

Dear Mr. Campbell:

Answering yours of May 4. Agate, or Agate Springs is in Sioux county. It is really a ranch and the locality is noted for the discovery of ancient animal skeletons.

You will receive a check for your Kit Carson about July 1. This is due to the fact that our new appropriation comes into service at that time and our old one is practically exhausted.

Very truly,

A. E. Sheldon
