Kola:

Your letter of 16th, received. I note that you will visit Fort Yates the last week in August. I am taking a trip to the Yellowstone Park on August 15th, and will return the last week in August. I hope you will be here by the time I return. You asked about Mrs. Van Solen. I knew her since I was a child. Her full name was Marie Louise Van Solen. She was the first Day-school teacher on the Standing Rock reservation, in 1873. She was of Indian extraction, being related to Mrs. Galpin and Mrs. Parkins. I shall look forward to seeing you. Dr. Clyde Fisher of New York city was in Yates during the Fourth. I think he lectured in Norman. I told him to look you up when in Norman. With kind wishes to yourself and family. My family are all well.

Most cordially yours,

Frank Zahn
