Dear Mr. Fox:

Just a line before I sail--which will be August 1.

Have had wonderful success in getting data from the
Canadians (Indians), and am now cleaning up a little data here before
starting for New York. May I ask you to see that your stenographer
send on the data she transcribed for me, if she has not already done
so?

One other thing. I believe that your library purchased
an autographed copy of my KIT CARSON some time back, and as I recall,
the payment was to be made this month. Is this correct? If so, please
forward the amount. The book sells for \$3.50. I am trying to settle
up everything before I sail.

Yours cordially

W.S. Campbell
