to men who understood such things according to the ethics of the time in which he lived. I have been assured by Western men who knew him that he never pretended to have had a hand in any exploits in which he had not a right to claim. It is as ridiculous in my opinion to smear at Cody for enacting the killing of Tall Bull in the arena as it would be to smear at a modern actor who plays Hamlet because he is not actually the Prince of Denmark. Where experts disagree you will have to make up your own mind.

Cordially yours,
