Mr. W. S. Campbell,  
Norman, Okla.

Dear Sir:

I have your letter to W. W. Mitchell of Reva, S. Dak. asking for maps of the Slim Buttes battlefield. He has asked me to answer you.

There is a map of the battle field which is in one of the volumes of State Historical Society of this state, and I could make a tracing of this for you, if the volume is not in your library at Norman. I intend to visit the battle field this Fall and if the weather is favorable will make a photo of the place for you which may be of interest. The monument that has been erected on part of the battlefield might also be of interest in a photo. The ground of course covers several miles, but the site of the main Indian camp and the ravine where the scout and soldier were killed could be shown in a photo.

Let me hear from you further as to your wishes.

Yours truly,

*John T. Millek*
