Dear Popper Campbell

Answering your inquiry of the

25th I enclose what De Witt has written me
in re Brughiere. Please return the letter.
The photo was with the papers of two ladies
Gen F. D. Baldwin & loaned me by his
daughter - Mrs A. C. G. Williams - Photo 71011 - Sixth St
Santa Monica California. Please give her the
Credit.

I copied the photo & returned the original

I think you may find a reference to Brughiere
in Century of July 1891 in G. W. Baird's "Ten Miles
Indian Campaign" - Vol 42 pp 351

Mrs J. M. Culbertson Sr Poplar, Montana, the
widow of Scout Joe Culbertson, an associate
of Brughiere doubtless has much about B.

She has the MS of a book written by Joe which
she wants to sell & possibly on that account
might not wish to make extracts.

Montana Historical Society. May have something
on the back of original photo was this notation:

"John Brugier - Aged 28 years - Half bred Indian Scout
The man to whom I am largely indebted for the success of my
Campaign against Sitting Bull & Crazy Horse" says Gen Miles
tried for murder at Fargo in U.S. Dist Court Dec 27-31 1879
Verdict - Not Guilty S.H. Babcock Foreman of the Jury
