Mr. Charles B. Erlanson
Birney, Montana

Dear Mr. Erlanson:

Today I was informed that the University Press here had returned your manuscript. Unless you have other plans, I hope that you will submit it to Dr. Herbert Brayer at the Branding Iron Press, Box 244, Evanston, Illinois. After talking with him about it, he seemed interested last summer and even suggested that I might write an introduction to it in case he wished to publish it.

We are having wonderful weather down here and I am hoping that it will continue fine and frosty.

I enclose a circular about a new book just off the press which you might enjoy seeing. It has photographs of White Bull and other famous Cheyennes.

Cordially yours,

W. S. CAMPBELL
