Dear Mr. Hutchins:

Thanks so much for your letter and its very interesting enclosures, and I am glad that you are finding so much helpful information from Judge Zahn. I was sure that he could help you if he felt up to it. I appreciate greatly your letting me see your findings. It takes me back to the days of my research with the old timers and raises some interesting questions. I hope that before it is too late I can get up into the Sioux country and see some of those fellows again.

If I find out anything that might be helpful, I shall send it on to you.

Cordially yours,

W.S. CAMPBELL
