Mr. Frederick Weygold  
1970 Deer Park Avenue  
Louisville, Kentucky

Dear Weygold:

Thanks very much for the material you sent me,  
which I will return promptly.

Yes, I have the colored sketches you know of,  
which you made and sent here. If I remember you  
said I might keep them, and at present they hang in  
my study to the admiration of all beholders.

Thank you very much.

I have written to my man the Crow Missionary in  
Montana, and have asked for some more photographs,  
which may be useful as studies of Indian horses for  
the juvenile about which I wrote you.

Sincerely your friend,

W. S. Campbell
