Dr. Arthur McAnally, Director
University Libraries
University of Oklahoma

Dear Dr. McAnally:

I should like to arrange for a library loan of a copy of a University of Wyoming Publications VOL. XVIII, Nos. 1,2,3, July, 1954 entitled Archaeological Investigations in the Shoshone Basin of Wyoming. I am informed that this can be obtained from the Library, University of Wyoming, Laramie, Wyoming. I would also like to have "Stone Medicine Wheels in Southern Alberta and Montana" by Thomas F. Kehoe, Journ. Wash. Acad. Sc., Vol. 44, Nol. 5, 1954 and "Comments on Use and Distribution of Tipi Rings in Montana" J. J. Hoffman, So. and Anthr Pap. Montana State Univ. No. 14, 1953. I need these for some research which I am doing and would appreciate a prompt action in the matter.

Yours cordially,

W. S. CAMPBELL
