Bounty Scalps

April 20, 1933

PROFESSOR W. S. CAMPBELL
University of Oklahoma
Norman, Oklahoma

Dear Campbell:

Some years ago you made an inquiry of me regarding the rumor of some Idaho law for bounty on Indian scalps.

Thinking you may still be interested in the question, I am enclosing a clipping from the Idaho Statesman of April 17, 1933 which throws some further light on the question, particularly as to the origin of the story and also, as you will note, verifies my own conclusion in the matter that the records of the Idaho Session Laws fail to show any such statute.

With personal regards, I am

Very sincerely yours,

M. F. Morrow
