Written letter as follows:

Chief Sitting Bull: - This book the "Wicota" is dedicated to you - poor "Spotted Tail" - and "Red Cloud". The Daily Chicago Inter-Ocean of yesterday Jan 14th went for me because I dedicated it to you. It says: "Sitting Bull has deserved no such honor from literature." Let me hear from you will you? The "Wicota" is the Elk Mystery. I think you are a deeply wronged man.
