Dear Mr. Campbell:

Referring to your letter of December 17th, Dr. Harrington was unable to translate Kow-e-so-te, the name of the Nez Perce Indian chief, nor does he believe it can be translated.

Dr. Harrington also was unable to translate the Shoshoni words you listed, but has made a note of them and may be able to work out their meaning later. If so, they will be forwarded to you at that time.

Very truly yours,

Frank H. H. Roberts, Jr.
Frank H. H. Roberts, Jr.,
Acting Chief.
