

1 and subdivisions which may be separably transferred. The
2 Commissioner is further authorized and directed to proceed,
3 immediately after the passage of this Act, to make a study
4 and investigation of the conditions upon which separable
5 functions and services may be transferred to the Indian com-
6 munities and thereupon to promulgate, direct, and express
7 rules and regulations to govern such transfer.

8 The said rules and regulations shall set forth all condi-
9 tions reasonably necessary to assure the satisfactory and
10 continued administration of the function or service trans-
11 ferred. The said rules and regulations shall include stand-
12 ards of fitness for Indians with respect to health, age,
13 character, knowledge, and ability, for any position main-
14 tained, now or hereafter, before or after transfer to an
15 Indian community, for the administration of functions or
16 services within the territorial limits of any community, and
17 a classification of all positions for which the requisite
18 knowledge and training may be acquired by Indians through
19 experience or apprenticeship in the position. The said rules
20 and regulations shall also set forth for each separable func-
21 tion or service, as a condition of its transfer, the positions
22 for which Indians shall qualify and the required number
23 of qualified Indians for each such position, provisions assur-
24 ing a reasonable security of tenure, and any other conditions
