Mr. Charles H. Franklin,
3435 Brown Street,
Washington, D. C.

Dear Mr. Franklin:

Major R. B. Patterson, Secretary,
Historical Section, Army War College,
has given me your name as a competent
research worker.

I am trying to get together trans-
cripts of the military reports of the
engagements in Kansas and Indian Territory
between Dull Knife and the Cheyennes and
the United States troops during the flight
of the Indians to the north in 1878. I
am interested only in the engagements in
Kansas and Indian Territory. If you
could supply these to me by air mail with-
in the next two or three days, I should be
glad to reimburse you for your trouble.
I think you will find it is not much of
a problem and I would not care to invest
more than \$5.00 in the project.

Very truly yours,

W.S. CAMPBELL
