Rain & more rain - cloudy & dark - the streets all water, and difficult of passage, no mobiles out -

To-morrow our meet at Boodies for dinner p.m.

Bood & Lulu came late and had supper with us - and brought my hat - a color I never wore before - Left for home about 8<sup>30</sup> p.m.

OCT 13 - 1926 - 7<sup>20</sup> a.m.

To-day my 82 birth day - cloudy & dreary - all quiet - and peace so far as known -

To go to Boodies this eve for dinner - at Boodies -  
Boon may not go -

No other one can advance, as I have the acknowledgment & sincerity with which I have approached you -

My act proves that I have the most implicit confidence & trust in you - and I hope it has not been misplaced, or will be misregarded, - What I know is buried in me - and never to be revealed to any one except your noble self -

10-30 a.m. still dreary & gloomy -
