

2-8-1919

11-13 am Train just in -

Snowing heavy - no sun -

Sunday A.M. Feb 9-1919.

Memorial day for Teddy R.
in the Baptist Church here,
the pastor stated that T. R. had
done some good things for America
(for the world) - one thing & that
the greatest was dividing the
Rep. party & causing the election
of W. Wilson to the Presidency
a thing impossible under
any other except under T. R.

Touch'd light on Teddy in
any way - indicating fear
of T. R.'s influence in 1920 even
the dead -

Prejudice even in the pulpit
seems to be the enemy of Civ-
ilization & Christianity -

Monday A.M. 2-10-1919

Bright - got cool and some
cold wind -

No news from any source
of any kind -
All quiet.

Apparently quiet in Europe
also -

10 miles from said town
Batesville -
