Dear Chief Wilma Mankiller,

I saw a article in our local paper about you.

I have a small part of indian blood in me.

I have always had a great love for our American Indians.

At one time I lived in Winslow Arizona which as you know is Navajo.

As far as I'm concerned the American Indians are the only real Americans.

I would like to know Chief if there is any way I could become a honorary member of your people.

All my life from a little boy I have up held the American Indian.

I hope I may hear from you
Chief Wilma (over please)
