

Bullock, you cannot claim that you did not know that Bill Boards was a representative for the Community Alternative Program(CAP), Sept. 17, 1990 at a city W.E.R.A. meeting where a representative of the Battle Creek Adventist Hospital and a representative of the Kellogg Foundation, also attended.

Bill Boards, Maude Bristol, Art Rhan and you and "the powers that be"---as you put it, all knew that the Dope Houses, at 82 Manchester & 81 Howland, were owned by the Seventh Day Adventist; and, that Robert Sparks, former President of the Kellogg Foundation, is the Substance Abuse "King Pin" for the Seventh Day Adventist Hospital.

Currently, there are 21 members in the Neighborhood Planning Council---(North Central). Yet, Dec. 12, 1990, only 10 members attended that meeting where 15 persons were brought in to water down the effects of the petition to get rid of 82 Manchester & 81 Howland St.---The known Drug Houses---proven to be owned by the Seventh Adventist. 7 of the 15 were Police Officers.

The two white women who attended, Sandy Calderone & Marty Levy, were sent there by the "powers that be".

Marty Levy was there to solidify the "Zoning" of the Hart Hotel---and it did not take much convincing. S.T.O.P has evidence that CAP had no State authority to house Felons in the Hart Hotel.

Sandy Calderone attended to pawn off onto this area those inflated/inferior makeshift Neighborhoods Inc. Houses.

Bullock, you know and we know that the Neighborhoods Inc.---a non-profit organization, the W.E.R.A.---a non-profit organization and the Ministerial Alliance---a non-profit organization can put in for a Grant(s)HUD/Business/Historical/Dope/Law Enforcement etc. to the ULTIMATE non-profit organization: The C.C.D.C.

The C.C.D.C. and the Godhead of all non-profit organizations: The Kellogg Foundation will put up matching funds---out of one Law office: Vandervoort, Cooke, McFee, Christ, Carpenter & Fisher, 312 Old Kent Bank. Again, only the Heads of those organizations will eat decent food, live in decent housing and earn a LIVABLE WAGE.

Bullock, while you are talking of throwing off the "shackles", you have just taken on 104,000 Thousand more from the Shacklers.

In addition, your article stated that Washington Heights area people "don't have any power".

Is there any wonder???
