"makes people primarily responsible for their own health, with emphasis on avoiding diseases in the first place...It is the individual's responsibility to become and remain healthy".

The governor of Michigan can not claim that he is innocent.
For besides the petitions, many of us in Battle Creek have called every official in the state over the last 12 years including Mich. Attorney General, Frank Kelley, about Dr. Cenac, the local infant mortality, Osteopathic Physician and the University of Michigan. Regent, Sarah Goddard Power, who were both murdered¹⁵ to shut them up---after they tried to help us. I have kept a record of my calls to his office. ★

Blanchard's proposal to use POOR inner city youths, aged 18-20 year olds as forced, slave laborers (with the enticement of double what they would receive on general assistance) inspite of his knowledge of the "set-up " pigeon plague---is a vicious, inhuman and inhumane scheme.

Blanchard, loaded with this town's private business (which flaunts its SOUTH AFRICAN FLAG---outside its corporate headquarters--even today, inspite of yesterday's mass arrest of TuTu and other anti-aparthied demonstrators---still refuse to yank it down) orders, which is like a boil coming to a head and is ready to explode its white corruption, makes Hitler's Youth Corp. seem honorable, in comparison.

At least Hitler's youths were issued weapons and instructions on how to use them. Blanchard's proposed youth corp. is a death sentence for those whose only crime is being poor.

It is blatant GERM WARFARE---the hidden enemy those young adults would be ordered to walk into would be an ambush of micro-organisms.
