Wilma, we write you this letter to ask if you would let us know directly where you stand in relationship to SwiftDeer and the work he is doing. SwiftDeer would love to share the Sweet Medicine SunDance Teachings with your people, including the old Cherokee knowledge and particularly the crystal doctoring. He is willing to present these to any current Cherokee Medicine Persons so that they might validate this knowledge.

SwiftDeer's biography will be published early summer. It will answer many questions. We will send you a copy as soon as it is released.

I thank you for your time. I send you good medicine and prayers of blessing for your work and for your people. We look forward to hearing from you.

Sincerely and in Beauty,

A handwritten signature in dark ink, appearing to read "Janneke Koole", written over a large, loopy flourish.
