-The moving van pulls up to the corner of 94th and 5th on August 1st. Sigh.

-On August 2nd, Harville, Leah, Hunter, and Helen will be piling into a van and heading to New Mexico. Accompanying them will be Iggy our Iguana, the two turtles, Giotto and Splasher, our little snake Linguini, and our two dogs Kiowa and Kateri. So, you all can picture us, tooting down the highway, with a dog on either side, tongue lolling out in perfect bliss.

-Harville's office, The Institute for Relationship Therapy, will be staying in New York for now. There is a possibility that it will move to Santa Fe sometime during '95.

-The Sister Fund office will be moving to downtown New York City in October of 1994.

-Helen's assistant, Elizabeth, will be staying in New York and will be working out of her home.

-Leah and Hunter will begin grades 6 and 4 at the Georgia O'Keefe Elementary School on August 22nd.

-And given our desert isolation, we'd be delighted if you'd visit!
