=====

(?) I am looking forward to your visit. The regular monthly meeting of the Cherokee Cultural Society of Houston is tonight. I would like to work out the details of the reception this afternoon so that I can make the announcement for it tonight. Since most of our members are employed, I would like to have it as late as possible in the day without creating a problem with your evening engagement. Also, if I knew your arrival time and where you needed to be at what time later in the day, it would help in selecting a location for the reception. Please advise as soon as possible.

The National Genealogical Society is having their annual meeting in Houston June 1st through 4th. Their Native American meetings are both on Cherokees (are there any others?). The meeting yesterday was barely passable. The other one is going to be Saturday. Carl Albert is giving the main evening address tomorrow night. It is called "Congressmen, Bureaucrats and Genealogists". Speaking of Congressmen, I told Ross yesterday that I was glad he was not running. He would win and I would miss him too much!
