Alaska Tribal Appeals, Inc. (A.T.A., Inc) is Non-Profit formed under The Indian Reorganization Act, sp#385-73dc, The Self Determination Act #1975 \$450 a&b Congress and The Indian Child Welfare Act #1978-25 usc \$1901-1963 & p195-608.

A.T.A., Inc. goal is to enhance all Federal Laws, State Laws, Municipal Laws, Court Rules & Regulations and Constitutional Rights on behalf of Native/Indian and Lower Income People.

Due to the high amount of Native/Indian and lower income people in our prison system and lack of communication for legal representation, it is difficult to keep family units together, adjusting in a fast moving world, society often leaves some feeling helpless and hopeless, without a means to go forward, these are the ones who wind up in our correctional facilities, due to domestic violence and surroundings of substance abuse, there is a fine line here where our children must be protected with dignity, pride, self esteem, culturally and spiritually. Domestic Violence & substance abuse are not a part of Native/Indian Traditions, these are problems which have come to our communities, they must be resolved and cleaned up, the counseling, job training, homeless facilities, are part of Alternative Defense Resolve, when applied in The Court Process at day one (If not sooner!) our children grow up seeing The Laws protect them, their people, they grow up having a healthier view of their place in society.

The Barter System allows jobs to be created from the craftmaker in the farthest village to the person retailing them nationally, at the same time this allows people to become independent from welfare as the financial projection and diagrams on the next nine pages describe this process.

Seventy cases a day go through the court system in Anchorage and Fairbanks, fifty of these cases involve two children (Often more), fifteen cases a day do not reach the court system, these cases are in counseling, without legal representation their rights are not being protected! (In the year since this research was done these statistics have almost doubled, random assaults have created even more difficulties to deal with)

The Homeless Section provides the individual with a means to step or move forward toward productiveness in the community, as it eliminates the difficulty of a legal problem.

It is Sovereign to be all we can be and the best example we can be.
