CHIEF MANKILLER;

Please forgive the informal letter.

You were the commencement speaker at my  
eldest daughter's graduation from Drury  
College (May 1993).

She happened to be in the front row, directly  
in front of the podium. Jean and ourselves were  
very impressed with you and your comments.  
You have our greatest admiration for your  
heritage and especially your accomplishments.

I would like to impose upon you to comment or  
autograph the enclosed book. It will be a  
Christmas present to Jean, she's attending  
graduate school at St. Louis (WASHINGTON UNIV.).

Anything would be greatly appreciated, please  
continue the great work and have a very Merry  
Christmas.

In gratitude;

Don Kiblinger
