Dad leaves the home, it fall apart
The same thing held here. Garland
is like a Father figure to my
sons as many others.

Chief Wilma, a few people want
Garland replaced because he is not
a Full Blood. This is what it
all boils down to. Didn't our
grand fathers teach us to learn,
the white people's ways - To keep
in our hearts of home the things
they taught us of hold them dear,
but to live and conform. In
this world we have to conform
to society. In a brief of I was
taught these teaching by a full
Blood grandpa, but we have
to learn our teaching in our hearts
and obey the Law's of Society.

These Children at Kenwood are so
Blessed. We still have our Culture but
also they are being taught to live
out side Kenwood. This School
is the Best any where. I tried
putting Charles in Jay. One week
he was Back at Kenwood.
