To Whom It May Concern:

As you are probably aware, there is a growing concern about a proposed prison to be constructed east of the Bluejacket area.

The concern is in losing the quality of life we have grown accustomed to. There is no doubt that a prison would change everything that we live in this area for.

We live in the area feeling secure we can raise our families here with minimal risk. We feel a prison would take that security away.

Bringing a prison to our rural area would not only threaten our secure way of life, but would also lessen the land value in an already economically stressed state. We do not believe that the proposed prison would make a positive economical difference.

We, as a concerned group, hope you will take our opposition to the proposed building of a prison in our area seriously.

We DO NOT want a prison.

Thankyou,

Geray Malone
