ADAPPT

addresses
the issues of substance abuse and
the pregnant and post-partum
woman through a committee
structure. We invite you to join
us and serve on one or any of the
following committees:

Initial Objectives:

Community Organization: Identify
gaps or barriers to care, as well
as referral patterns for services.
Promote priority status for
substance abusing women with
agencies.

Education: Professional skill
building workshops and Speaker's
Bureau.

Public Relations: Sharing
information, public awareness.
