Dear Ms. Bragg:

It has been some time since our meeting at my office last August. Since that time I have spoken with several people about your candidacy for the Tenth circuit Court of Appeals.

At this point I feel very comfortable writing a letter of support to President Clinton and Senator Boren. If you or a member of your staff could draft such a letter, I would be happy to formalize it and get it in the mail.

Best wishes.

Sincerely,

Wilma P. Mankiller
