exceptional leadership in this historic transition. It would be even more meaningful if Native peoples were to join with South Africans in this historic effort.

I write to request that either the National Indian Gaming Association or a consortium of gaming tribes contribute \$25,000 to the South Africa Free Elections Fund.

After years of fighting apartheid, this effort is our one chance to help ensure South Africa's safe transition to democracy. We can all be sure that our efforts and contributions will be appreciated and remembered by the South African people for years to come.

Respectfully submitted,
