Dear Carrie,

Thank you so much for the absolutely wonderful photos you sent. They are stunning. I hope to use some of them in a special edition of the Cherokee Advocate newspaper. We will make sure you are credited.

I also appreciate the photo of Charlie. Charlie is Chairman of the Pow-wow Committee. He always begins the pow-wow with so many worries about things that could go wrong. That worry is reflected in his face as the dance begins.

I will indeed keep your business card and keep you in mind for future projects. As you are probably aware we have a number of staff photographs, all of whom are very good. However, if opportunities arise in which our needs cannot be met internally, I will certainly let you know.

Best wishes.

Sincerely,

Wilma P. Mankiller
