Oklahoma City, Oklahoma 73135

Dear Mr. Tyon:

On March 1, 1993, the Office for Civil Rights (OCR), Region VI, received your letter in which you allege discrimination on the bases of national origin and sex by officials of the University of Oklahoma Health Sciences Center (UOHSC).

Before we can proceed with processing your complaint, we must have more specific details regarding the alleged discrimination. In your letter you allege that the UOHSC:

- 1) assigned you a grade of "C" in clinical radiology (RLTN 3460);
- 2) suspended you from the radiologic technology program in December 1992 on the bases of national origin and sex; and
- 3) denied you due process regarding the suspension on the bases of national origin and sex.

With regard to allegation #1, please indicate what you believe to be the basis for the alleged discriminatory act (i.e., race, color, national origin, sex, disability, or age), and some indication of the factual basis for your belief that the alleged act is discriminatory. In addition, please specifically indicate the date that you were assigned the grade in question.

With regard to allegations #2 and #3, please clarify whether you are filing this complaint only on your own behalf, or also on behalf of the two other minority, male students referred to in your complaint. In you are also filing on behalf of the other students, please identify those students. OCR will need to confirm with those students that they want this Office to pursue the allegations raised on their behalf. Please provide OCR either a written statement to that effect from each student, or a telephone number where they can be contacted to obtain the required permission.
