Dear Ms. Furr:

In reply to Arthur C. Tedeschi, II's letter of March 12, 1993, I am submitting additional information to complete my complaint. I also want to add that I am submitting this complaint on behalf of myself and the following two other students:

Lynn J. Salyer

OKC, OK 73159
(405-691-2437)

Mohammad (Ali) Seirafi-Pour
POB 15315
Del City, OK 73155
(405-732-3206)

Enclosed you will find a written grievance submitted to Dr. Willie V. Bryan, Vice-Provost for Educational Services and Registrar, University of Oklahoma Health Sciences Center. It gives detailed information of a chronological order of events.

I am currently staying with my grandparents, Agnes and George Pumpkin, who live in Tahlequah, OK, while I attend classes at Bacone College in Muskogee, OK. Their phone number is (405) 456-6635. If I am not there, it will be difficult to leave a lengthy message. My grandparents both speak Cherokee. Grandpa has a hearing problem. Grandma has difficulty with English, but please leave a phone number. The other alternative is leave the message with my mother. She works at Rose State College in the Oklahoma City metro area, (405) 736-0377. My mother is Merry Sunday. The address below my signature is my permanent home address.

Your letter was a welcome sight after a year and a half of oppression as a student at the University of Oklahoma Health Science Center in Oklahoma City, OK. Thank you so much for responding.

Sincerely,

Warren Glen Tyon
