

my family, all the good people in this country and myself - I want us all to live free and unencumbered by this immoral income tax, get rid of the money swindlers and in a society free of all this filth and trash being shoved down our throats. We all need each other to make this work.

9. If you are receiving this letter in Colorado, please either drop me a postcard or call about volunteering for manning the picket line. We have a good list of volunteers already, but 4 hrs a week by a bunch of folks keeps the burden from falling on just a few.

I know each and everyone of you out there has been working so hard, many of you for years and years and years. We're running out of years. The Billary Clinton's are destroying this country and the Congress [both parties] seem perfectly content to sit around and let it happen. All these actions he has taken the last three weeks are to scatter us, get us going in so many different directions trying to fight every move he makes from the Sodomites in the military, his economic plan, possible troop intervention in Bosnia, lifting the ban against HIV-AIDS infected immigrants [which circumvents Congressional Law passed in 1987 to keep them out] and on and on and on.

This is all deliberate. But if we can all, all of us in all our groups and organizations, come together for this one common goal - just think of the impact we will make. Just think - we can make our demands a realizable goal by the end of this year. I know my phone is going to be busy, keep trying.

We all know what's at stake here and we're running out of time. On 2.4.93 I did a radio talk show out of Florida. A woman who called wanted to know what I was going to do if this effort fails. I said I didn't know because in my heart, I believe this public grassroots outcry will work - if everyone participates. Also, I will ask each and every one of you: What's next if we don't make this work? Clinton and the NWO architects are breathing down our necks now. How much time do we have left?

"As the patriots of Seventy-six did to the support of the Declaration of Independence, so to the support of the Constitution and the Laws let every American pledge his life, his property, and his sacred honor; let every man remember that to violate the law is to trample on the blood of his father, and to tear the charter of his own and his children's liberty." Abraham Lincoln, January 27, 1837. And so I remain committed and I hope all will join me in my pledge not to shame all the sacrifices made by our founding fathers, not to dishonor the blood of every man, woman and child over the past two hundred plus years to keep us free. Give Us Liberty for we will settle for nothing less.
