January 28, 1993

Dear Ms. Duvall,

It has come to our attention that Mattie from Pediatric Clinic will be leaving that station.

We ask you please to use your influence and reconsider her move.

Mattie is special with our children and our personnel. Since she is a full blood she understands well how to work with all Native American children and their families. Everyone loves Mattie and she will be sadly missed if she leaves Pediatric Clinic.

Sincerely,

James Morrison
Executive Director
