## **(II) HOW VISION QUEST OKLAHOMA CAN BE OF HELP**

- A.) **GRAPHICS PRODUCTION:** Vision Quest Oklahoma will provide all graphics camera-ready production for the conference program, conference notes, conference report, posters and any other identified needs such as invitations or brochures. - C.) **MEDIA:** Vision Quest Oklahoma will assist in the preparation of all media materials including biographical backgrounders of invited speakers; various press releases designated by subject matter and newsworthiness; development and design of media kits; identification of all media sources including local, national and international; distribution of said materials; follow-up with the media; establishment and oversight of the pressroom and any last minute faxes to media not in attendance; any follow-up after the conference with the media. These services will be performed, also, at only the costs of our doing business as we are a non-profit.
