

you have had verbal reminders regarding your unprofessional behavior". She ends her letter in the fifth paragraph by stating "a copy of this letter will be put in your records...your retention in the program is in hazard." Professor Curcios's undue influence is evident through her abuse of power in threatening letters to me written on OUHSC letterhead. The person responsible for my file, Professor Curcio, continues to increase its contents with inaccurate and misleading information presented in a threatening and discriminatory way. The copy of this letter that is in my student file has a notation at the bottom by Professor Curcio which states, "Mr. Tyon acknowledged this letter and we had a brief discussion of the importance of correcting these kinds of things in future". I was unaware of this notation until I viewed my file on September 18, 1992. She gives the reader the impression of diplomacy, and that was not the case. She dominated the conversation, and I felt very threatened. Her notation is misleading.

September 2, 1992- Professor Esparza's File Note

I was unaware Professor Esparza had written this and put it in my file until I saw it on September 18, 1992. I do not understand why he would feel the need to write this. He was not my instructor. Professor Garrison was. The File Note states, "I spoke to Mr. Warren about his poor performance on his first quiz in course AHE 3410. I informed him that this poor performance could not be continue because a "D" in this
