

mother had come to give me moral support. She came to Ms. Sanderson's office at 10:00 that morning but was told by Ms. Sanderson she was not aware of any meeting that morning with me. My mother came up to the fourth floor Radiologic Technology Department. I saw her briefly when I stepped out to the a hall prior to the end of class. She decided to wait for me until I got out of class. I picked up an envelope containing the memos after class. When my mother and I read the memos we could not believe how damaging they were. I believe every File Note ever written was included, reworded, and exaggerated. We saw Ms. Sanderson briefly that day and gave her the memos. She said she would have to take time to digest them. My mother said, "We do, too." Ms. Sanderson ended our discussion by saying I had until the end of my last semester to appeal the grade. That was a load off my mind. I decided to do that.

September 16, 1992- My mother wrote Ms. Sanderson a letter in regard to the contents of the memos. (Addendum #2). She never got a reply.

September 18, 1992- My mother and I went to the Radiologic Technology Department office at 4:00 to look at my file. I told the secretary I wanted to look at my file. She said she did not have the authority to let me. She left the office to find someone who did. We waited until Dr. Sullivan came in and got my file. We went into her office. The secretary asked Dr. Sullivan if she wanted her door closed. The
