

not allowed to take the other courses? My over-all grade point average is well above a 2.0. I was not on probation. Melissa Petigo was also suspended, but provisions were made for her to take courses at the Norman campus and come back into the program. To my last day at OUHSC, I received disparate treatment.

In summary, the person(s) responsible for my file, Professor Curcio and Dr. Sullivan, have exerted undue influence in administrative decisions affecting my retention, in grading practices affecting my Clinical Rotation Observation Record, in the execution of verbal/written reprimands, and in perpetuating threats of dismissal. These are recorded on File Notes regarding me. This includes the June 26, 1992, letter Professor Esparza handed me on Saturday, June 27, 1992.

Included in my file is a memo dated September 9, 1992 from Professor Curcio and a memo drafted and typed by Dr. Sullivan at their residence dated September 15, 1992. These memos are very libel in their inaccuracies of events and give a damaging picture of me. These memos written on OUHSC letterhead continue to have an adverse impact on me and are an act of retaliation by Professor Curcio and Dr. Sullivan for my appeal contesting an unfair grade given me by Professor Exparza in the summer 1992 semester. The unfair grade resulted from undue influence by Professor Curcio. I believe Professor Curcio's perpetual acts of undue influence in the Radiologic Technology Department has a direct relation to the fact that Dr. Sullivan, her administrator and supervisor, has
