I also do not like the song
Indian Out Law. I can even
say I hate it. So do my
children and there children
do you know how many other
tribes are named in the
song. tell me I will do what
ever it takes to get read of
that song to let other people
know we are American Indian
we have our beliefs and we feel
it is sacred all are to
respect the Indian are children
need to no are ways.
