

If you cast your bread upon these waters, I promise it will come back buttered. This money will benefit us all by supporting health for women, girls, and the country.

I hope you personally will join me on May 9th. Here's how:

I'm asking you to serve as a **Vice Chair** (on the **Benefit Committee**) for this evening. All we ask is that you lend your name to the event and purchase at least two tickets (or make an equivalent contribution). I hope you will be there to celebrate my birthday and the extraordinary accomplishments of our grassroots awardees. We would all be honored by the association, and we think it will be another proof of your pioneering, too.

If you have questions or ideas about any aspect of the evening, please call Alexandra Thomas at the Ms. Foundation, 212-353-8580.

I hope to see you in May - and celebrate!

With friendship,

Gloria Steinem

p.s. We've chosen the Plaza Ballroom because it's a great and elegant space for an event that still allows everyone to see and hear well - because it's not that big. I hope you'll respond as soon as you can.
