Mr. C. Guy Cutlip,
Wewokke, Oklahoma

Dear Guy:-

A few days ago I got a letter and a ballot with instructions on how to vote, etc.

One of my ignorant nurses got it and destroyed it before I filled it out, and I have written two letters since that was destroyed. A day or two ago I sent Keeton a check for \$8.00, advising him of the loss of the ballot and asking him to send me another one.

I had in mind voting for you on that ticket and if I don't get a ballot I am going to make out one and send it in and it is up to you to see that it is counted. I will put the names of all the candidates on the ticket and squares opposite their names and put an X in front of your name. I believe they would count that. At any rate they ought to.

I am voting for you because I know it would mean trouble, for if you are elected you will be cussed more than anyone in the state except the other members, and Lord how I will enjoy hearing it.

Am feeling much better. Dressed up this morning and went down to the barber shop and had my hair cut and a shave. I would not have done this but I heard a little whispering that I might have opposition next time and I am preparing to fight now.

Give my kindest regards to all the boys and believe me to be,

Sincerely,

George C. Crump
