Dear Mr. Lutzke,

I have been asked to give a tribute to the American flag at a district banquet meeting at Okla., December 5. I do not feel that I can write anything special to the occasion. If in the near future you have time, I would greatly appreciate it if you would send to me what you think a tribute to our flag should be. There is no such thing as a tribute so beautiful that I could be very proud unless if I could give a tribute written by you. I will greatly appreciate your trouble.

Yours sincerely,

Lawrence Davis
