My grandpa told me to give it to the little boy.

(Yeah.)

#### WONDERS ABOUT PHOTOGRAPHY IN EARLY DAYS

(I wonder how they came about having pictures made a long time ago?

Say a hundred years ago.)

I don't know. You know some of them were tin, you know.

(Yeah. Some of them were what they call tin type. Would a photographer travel through the country or go to town?)

They used to come around, you know, once in a while taking pictures, you know. I have my daddy's and mother's picutre, you know, in little old tin. We tried to have one made off of it. And they say you can't do it. You know, they said, if it was paper they could, but off that they couldn't. Yeah, there's been lots of we just talk about people.

(Yeah.)
