

in English is Ft. Gibson. And it was that evenin' as he crossed the Arkansas River--what is now the Arkansas River. It was just a river at the time. I'll give one account of the supernatural ability of this man. His warriors claim that he gave a loud warrior's challenge and he went down into--he dove down into the water. As he come up he turned into a spider. He crossed the river and as he reached the other side of the river he became himself again. And it was in the even' when he came upon his exhausted warriors and scalped all of them in their sleep.

(Of the Osages?)

Yes, of the Osages. And mind you that the ~~Cherokees and the Osages~~ have never had a treaty. Some of the non-authorized leaders may have made a peace treaty with the Osages, but it was in 1963 when the peace treaty was signed with the traditional Cherokees and the Osages.

(1963?)

Yeah.

(Where was that?)

Vian, Oklahoma.

(END) )
