

other vocational technical training institutions be diverted to set the (words inaudible) funds to supplement the present operating funds for Chilocco; and that these funds for seven institutions be administered for purposes of staff facilities with a trained and capable faculty who have proven in the field of vocational technical education. And (words inaudible) that this employment assistance area relocation of the Bureau of Indian Affairs be utilized to coordinate their efforts and concentrate on employment and placement of all those students who satisfactorily complete the requirements for the course (words not clear). And Be It Further Resolved, That BIA operated schools in Oklahoma (words inaudible) Chilocco be operated as (words not clear) schools for the Indian students of Oklahoma; that whatever (words not clear) these schools shall reap the benefit of the junior and senior high school grades on a dormitory residence basis, whereby students shall attend public schools and be given the opportunity and encouragement to participate in local and community activities. And now Be It Resolved, That the approach of meaningful purpose of this resolution is (words not clear) recommendation and assimilation of the Indian boarding schools' duties and the technical training centers to enter in the mainstream of our young Indian society and to contribute to the upgrading and improvement of existing educational facilities which hopefully in turn will produce trained, skilled and employable craftsmen; and thereby these persons can become responsible and active citizens of their community." Thank you.

Mr. Cleghorn. Our next speaker will be from the Chairman of the Pawnee Tribal Business Committee, Arthur Fields, Sr.
